

Our mission is to provide proactive education about Utah's wildlife. We seek to minimize conflicts between people and animals and to foster wildlife-safety awareness.

— BE AWARE —

Explore how wildlife and people interact.

The first step to handling a confrontation is knowing the facts. Learn more about species — including their behaviors and habitats — and know who to call during a wildlife emergency.

— SHARE —

Safely share our world with unique wildlife.

Living and recreating in Utah means that we share the outdoors with an abundance of unique wildlife. Taking a few simple steps can help you prevent many wildlife-related issues.

— CARE —

Make a real difference for Utah's wildlife.

Get involved with our mission. Download tips and learn how to avoid conflicts with wildlife. Share with friends, family and neighbors — you can make a real difference.
